2020 MHMGT – Beneficiary

the children's center
REHABILITATION HOSPITAL

It's Us Foundation is a team inspired by the passing of a friend to make a difference in his memory by organizing fundraising events to aid charity groups in our community. We make a commitment to focus our efforts on organizations that benefit the most innocent among us: animals and children. With significant contributions to the Central OK Humane Society, Boys & Girls Clubs of OKC, Folds of Honor Foundation, and Positive Tomorrows, we have done just that. Now in our 4th year, we are continuing that tradition with the Children's Center Rehabilitation Hospital in Bethany, Oklahoma.

Their Mission

Since 1898, the mission of The Children's Center Rehabilitation Hospital has been to provide for the well-being of children across Oklahoma.

Their Story

The Children's Center Rehabilitation Hospital has a rich history dating back to 1898 when founder Mattie Mallory felt a calling to help the orphans of Oklahoma City. After operating the Oklahoma Orphanage in multiple Oklahoma City locations, Mattie moved the children to Bethany in 1909. While the mission has changed, the primary focus on the well being of children has always followed Mattie's basic principles based on faith, hope, and love.

Today, TCC is one of the largest non-profit, free-standing inpatient pediatric rehabilitation hospitals in the country. Acting as the bridge between hospital and home, they offer a wide range of medical services, rehabilitative care, social services and education to children and teenagers with complex medical needs. As the only inpatient pediatric rehabilitation program in Oklahoma, staff in the rehab unit work with the patient and family to improve cognitive and/or physical function, mobility, healing and independence. Like Mattie Mallory's desire so many years ago, the more than 650 employees are dedicated to maximizing the potential of all children who come through its doors.
